<p>My Mother's hands, so thin and work-worn, were loved by me as jewels rare, for they had rocked me in my cradle, and, lovingly, they'd stroked my hair. They worked for me, both night and morning; they helped to smooth away my fears, for never were these dear hands idle; I think of them with love and tears! My Mother's hands to me were precious: I thought their beauty was sublime; I felt no harm on earth could touch me if they were near me all the time! ~Gertrude Tooley Buckingham, "My Mother's Hands."</p> <p style="text-align: right;"><i>Happy Mother's Day to all our Moms at LDC!</i></p>						<p>1</p> <p>10:30am: Coffee Time 3pm: Golf Group B (Activity Hall) 3pm: Cold refreshments</p>

She was the goddess of fertility. The Romans had a similar goddess named Bona Dea. They held the festival for Bona Dea during the Month of May. May is commonly associated as a month of spring in the Northern Hemisphere and autumn (fall) in the Southern hemisphere. It is said that this is the month when plants really start to grow.</p> <p>May's birth flower is the Lily of the Valley and the Crataegus Monogyna.</p>
